EXAMINER'S AMENDMENT

This Office Action is responsive to the applicant's amendment filed on March 24, 2008.

Claims 1, 3, 4 and 5 have been amended. Claims 2 and 7-10 have been canceled. Thus, claims 1 and 3-6 are pending in this application.

Allowable Subject Matter

1. Claims 1 and 3-6 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - Regarding claim 1: the prior art fails to disclose or render obvious the claimed combination including: a seal arranged between the support and the second scroll; the seal hermetically contacting the end plate of the second scroll such that a back pressure space for bringing the first scroll and the second scroll into contact with each other is defined inside the seal with the first and second scrolls being engaged, and the position adjustment device changing a position of the seal between a sealing position at which the seal hermetically contacts the end plate of the second scroll and a leakage position at which the seal is separated from the end plate of the second scroll to place the second scroll in a non-compression position.
 - Regarding claim 5: In the amendment filed on March 24, 2008, dependent claim 3 has been rewritten in independent form including all the limitations of the base claim and any intervening claim; therefore, claim 3 is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
